MADE IN
UKRAINE

ELFIKI is the first Ukrainian brand of eco-friendly toys for children.

The ELFIKI toy brand follows its own unique philosophy of kids' learning through play and care for the environment at the same time. Thanks to the intelligent use of biological resources, as well as recycled materials, we create simple and interesting toys for the development and fun of our children.

Step into the world of magical colors and fairytale characters with ELFIKI toys, where the game becomes an opportunity to create a brighter and greener future.

ECO NATURAL PLASTIC TOYS

The ELFIKI® toy brand follows its own unique philosophy of kids' learning through play and care for the environment at the same time.

ELFIKI natural is exactly the high-quality toys that meet high demands and that children will enjoy for a long time. The toys are made from the bio-based bioplastic (Polyethylene) and wood plastics composite (WPC). Unlike conventional polyethylene, green PE is not made from crude oil, but from sugar cane. In other words, our bioplastics combine sustainability with pioneering material properties that help reduce CO₂ emissions. The bio-based polyethylene (Bio-PE) is suitable for extrusion, injection molding and blow molding and is 100% recyclable. With the bio-based Green PE, high material quality can be optimally combined with safety, sustainability and recyclability.

ELFIKI natural toys have a pleasant natural smell of wood. By caring for our kids and the planet we can make the world better for future generations.

LET'S SAVE THE ENVIRONMENT TOGETHER!

ELFIKI®

BIO-BASED PLASTIC TOYS

SUGARCANE
BIOPLASTIC

100%
RECYCLABLE

RENEWABLE
RAW MATERIAL

An actual product line of ELFIKI eco-friendly toys are made with bio-based plastic. It is a high-density polyethylene, which is 94% composed of sugar cane, a renewable raw material.

Some reasons why eco – friendly bio plastic better choice for toys and the planet:

Bio-plastics are biodegradable materials that come from renewable sources and can be used to reduce the problem of plastic waste that is suffocating the planet and contaminating the environment:

- Bio-plastic captures and fixes CO₂ from the atmosphere during its production, helping to reduce greenhouse gases emission.
- Bio-plastics provide energy savings in production
- Bio-plastics reduce carbon footprint
- Bio-plastic toys are as tough and hardwearing as toys made of traditional plastic.

We're proud to be making a positive impact while delivering exceptional playtime fun.

ELFIKI®

SOFT ECO TOYS

From the toy in the hands of the child begins to build a worldview. The beautiful toy develops taste and forms aesthetic preferences, interesting and original entertains and stimulates imagination.

ELFIKI soft toys and toy-rattles are beautiful, interesting, educational and safe. Made of natural wood and eco-friendly materials, which corresponds to the philosophy of environmental protection. So parents in a playful way can unobtrusively teach children to respect nature. The helpers in this study will be fairytale characters: elves Puffy and Aili, and their friends the bird Pipo, the deer Ruby, the owl Mia and the Lamma Sammy.

The characters of the ELFIKI brand will become the child's best friends, with whom it will be fun and interesting to play, boldly fantasize and definitely grow in harmony with the world.
